# GATHERING PLACE

Tulsa's newest attraction, Gathering Place, was named USA Today's "Best New Attraction", one of Time magazine's "100 World's Greatest Places", and one of the American Planning Association's 2019 Great Places in America.

Tulsa's new riverfront park Gathering Place is the result of the largest private contribution to a city in US history. The resulting \$465 million public park was created to draw everyone together by providing a place to gather and play, free of cost. Gathering Place has also been featured in *The New York Times*, *Forbes*, and *Associated Press*.

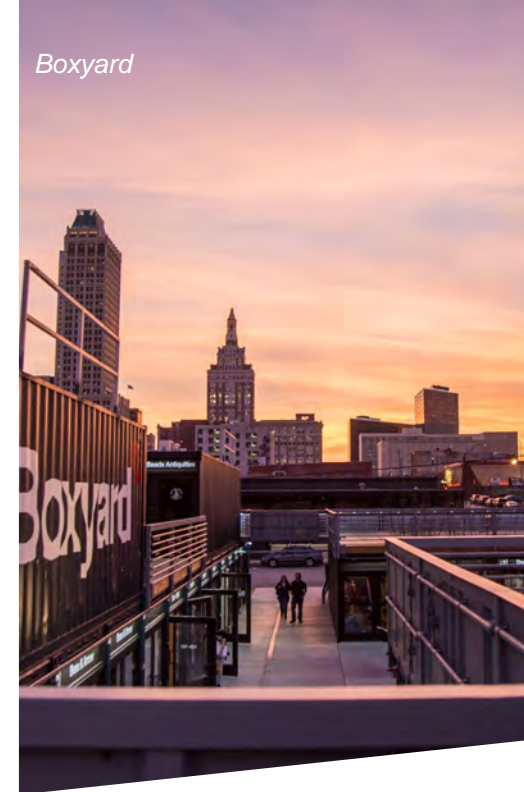

The 66-acre park features regular programming for all ages and connects the various aspects of the park with 34 miles of biking and walking trails. A few key features of the park include the five-acre Chapman Adventure Playground, the ONEOK Boathouse, where visitors can check out paddle boats, kayaks and canoes to use on Peggy's Pond, and the Williams Lodge, which offers indoor lounge areas and dining.
